

Section 401 Water Quality Certification Public Notices

The Central Coast Water Board is currently reviewing applications for the following project for certification under Section 401 of the Clean Water Act. We encourage public comments on the proposed work, which will be considered in the decision. You may submit comments in writing on any of these projects to:

Central Coast Regional Water Quality Control Board
895 Aerovista Place, Suite 101
San Luis Obispo, CA 93401
Attention: 401 Coordinator

Project Applicant	Gary Ruggerone – Department of Transportation
Applicant's Agent	N/A
Project Name	State Route 192 Bank Stabilization
Receiving Water	Sycamore creek
City/County	Santa Barbara/Santa Barbara
Public Notice	9/4/08 to 9/25/08
Project Description	<p>The purpose of this project is to stabilize and repair the failing eastbound highway embankment.</p> <p>The project activities include: excavating a key-way at the bottom of the slope, removing mid-channel sediment and rock, removing a dead sycamore, and installing one-ton key-way rock and ½-ton rock slope protection. The base of the rock slope protection will have a 4.4-foot wide and 3-foot deep key-way. Six feet of rock slope protection will be installed from the top of the key-way. The area will be back filled with native sediments and seeded with a native seed mix.</p> <p>No mitigations were proposed for this project.</p> <p>A Categorical Exemption was approved for this project.</p>
